## Important Announcement

### TO THE

## People of Montana and the Northwest.

The STANDARD to-day makes an announcement of more than ordinary interest. By special arrangement with the publishers of that Greatest of all Reference Libraries, the **ENCYCLOPEDIA BRITANNICA**, Ninth Edition, we are able to place that King of Books within easy reach of every reader. The edition we offer

## In 28 Large Quarto Volumes,

is the only Complete and Unabridged Edition of this great work in existence, revised to date.

That some sort of an Encyclopedia is a necessity all must acknowledge. That the Great Britannica is the very best Encyclopedia none will deny. Only its great cost, \$125 for the Scribner edition, \$200 for the Edinburgh edition, has prevented its purchase heretofore. At these prices none but the rich could afford it. We now offer for a limited time to readers of the STANDARD an edition superior even to the costly Edinburgh edition at the unheard-of rate of

**TEN CENTS A DAY.**

For this small outlay you can secure these 28 Large Quarto Volumes, complete and unabridged, revised to date.

The Britannica itself needs no indorsement. For 119 years it has stood the crowning work of our English language, the noblest work in all literature, the one adequate representative of the advanced thought and scholarship of the world.

It is the only Encyclopedia in which each principal subject is treated by an acknowledged authority upon that subject. No other Encyclopedia has given Ten Thousand Dollars for a Single Article nor Six Hundred Dollars a page for written matter. The fact that

**\$3,000,000**

Were expended in its preparation, requiring the labor of 2,000 of the world's greatest scholars, tells the story of its exalted superiority. Over 600 American Authors were employed on American subjects and American Institutions.

The STANDARD Edition comprises many features worthy of special mention:

- 1.—A thorough equipment of New Maps, up to date, costing \$30,000 to produce.
- 2.—The American Copyrighted Articles, rewritten to date, by Eminent American Writers. In other respects this edition is word for word, line for line, page for page, identical with the expensive Edinburgh edition, costing \$8 per volume.
- 3.—But the Crowning Feature of this edition is its American Revisions and additions, prepared under the direct supervision of that widely known Encyclopedic editor, W. H. DePuy, D. D., LL. D., assisted by a corps of trained writers, thoroughly revising each volume to date.

Not only are all Scientific and Historical Subjects brought absolutely up to date, but a vast fund of new information is added, relating to the material, social, industrial and educational progress of the world, together with many thousand New Biographies not in the Original Edition nor in any other Encyclopedia.
